

Law Firm Belleville

Law Firm Belleville - Leading the way in the private equity marketplace, our team has been extensively involved in some of the most significant private equity transactions in the history of our nation. We work with the private equity firms and financial institutions for assistance in issues related to financial transactions and in acquisitions and dispositions of companies. Our team helps private equity fund sponsors in the ongoing maintenance and formation of funds.

We have a wide array of service areas which help to compliment our private equity team. We have the breadth and depth of experience to offer our private equity clients with banking, capital markets, mergers and acquisitions, intellectual property, tax, antitrust, employment and labour, real estate, pensions and benefits, environmental, corporate governance, restructuring and insolvency expertise needed for successful private equity investments and management of portfolio businesses.

We have built relationships and contacts with American, Canadian, as well as global clients active in the private equity market. Our close relationships would help enable us to foresee possibilities and connect our clientele to each other for their mutual benefit. Some of these relationships comprise private companies and public companies, pension funds, institutional investors, leading private equity firms, entrepreneurs, venture capital firms and financial institutions. Our private equity clients benefit from the sources of debt financing with which we can connect them. Whenever our clients would like to sell or buy businesses, we can introduce them to prospective buyers or sellers.

We are normally called upon by the lead counsel in foreign transactions in order to offer domestic legal recommendation and help with transaction execution. We often collaborate together with global law companies in cross-border private equity transactions that otherwise have worldwide components. In foreign or overseas transactions, we work together with top foreign law companies so as to obtain recommendation on foreign legal considerations.
