

Legal Aid Lawyers Belleville

Legal Aid Lawyers Belleville - Our Financial Services Team helps clients in matters connected to insolvency, finance and restructuring. Our team members' training within the financial services business equips them with the skills and insights to evaluate the needs of our financial services clients. We have a deep understanding of the structure and documents connecting to transactions, and we have numerous years of experience working in the different trades and regulatory environment in which our clients operate. We combine technical expertise with the applicable business knowledge in practice groups and industry teams to assist each and every client's particular requirements.

Our team acts for big finance organizations comprising banks, non-bank lenders and other businesses. We have skills working with participations and syndications, asset-based lending and secured transactions, and even have worked in fields of commercial finance, comprising mezzanine, subordinated debt, private equity and film financings within Canada and the United States. We are mainly known for our work with alternative and secured financing. We have developed excellent relationships within the lending community, that allows us to be able to help corporate clients to secure financing from the most appropriate lender.

For our clients, we could implement different types of financing transactions comprising multi-currency loans, project financings, cross-border and syndicated loans, letter of credit facilities, acquisition facilities, real estate financings, asset based lending and venture capital financings. Our experts will document and structure bulk lease financing facilities pursuant to which lenders finance portfolios of equipment leases. We likewise develop the off-balance sheet financing of energy retrofits of public and private buildings. Our assistance consist of structuring and documenting on- and off- balance sheet financings including conditional sale agreements, sales of receivables, equipment lease, non-rated asset securitization and leverage buyouts. We advise clients concerning the lenders' standard form documentation and lending policies and procedures.

Working directly with our Tax team, we represent financial institutions in their offshore and domestic investment activities and provide advice on innovative risk management techniques involving financial derivatives.

Our Insolvency and Restructuring Team provides services in all areas of insolvency law to financial institutions, trade creditors, debtors, liquidators, debtor-in-possession lenders, trustees and receivers. We assist with reorganizations, proposals, receiverships, restructurings, workouts, bankruptcies, enforcements and liquidations.

Our litigators develop strategies to enhance recoveries or minimize the effect of insolvency upon the interests of stakeholders.

For our subordinated and senior investors, lenders and borrowers; we can help in the structuring and implementation of debt workout arrangements. We are an excellent addition to whatever management team, since we give innovative transactional suggestion, specifically with respect to the purchase and sale of insolvent businesses and to out-of-court restructurings.
