

Belleville Business Law

Belleville Business Law - We could help businesses of all types and sizes to assist them achieve their goals. Our aim at our company is to provide client-centered and value-based legal services. With our trademark combination of conventional and innovative approaches to business law, we help many of this nation's most successful and recognized commercial enterprises, and help with development ranging in size from millions to hundreds of millions of dollars.

Our company works as an integrated team with several engineers, specialists and lawyers all around North America and around the world. Our business and legal suggestion has helped hundreds of major resource-based developments achieve their goals, from mining projects to gas and oil developments, from agribusiness to pulp and paper. We design creative partnerships and joint ventures among co-operatives, governments, businesses, venture capitalists, financial institutions and merchant bankers.

We provide sound business advice to clients about acquisitions, divestitures and mergers throughout the whole transaction cycle, comprising legal due diligence, structuring, and negotiating offers to purchase, letters of intent and agreements of sale and purchase.

Our company has a strong practice in commercial law to assist our clients in the area of tax planning and the governance and structuring of various entities. We have proficiently negotiated project financing, engineering and construction agreements, and worldwide commodity marketing agreements for business enterprises.

Our assistance for medium sized to small companies help to assist grassroots entrepreneurship. We could help in developing effective business and management structures. We could help entrepreneurs' access capital and establish positive relationships along with customers and suppliers. Our lawyers have extensive knowledge with cross-border transactions and could assist small companies to become successful exporters.
