

Belleville Business Law Firm

Belleville Business Law Firm - Our firm's Business Law group knows our clients' business objectives and assists in attaining those objectives with timely, efficient and customized legal counsel. Our clients include private and public companies, partnerships and their boards of directors and executives. We act as business advisors, utilizing the multidisciplinary strengths of our lawyers in the full range of business law areas, including mergers and acquisitions, corporate governance, environmental compliance, and tax planning. We have skill in industries ranging from entertainment and sports to information technology and communications.

Our Business Law Team helps clients with a variety of commercial agreements consisting of the preparation of license agreements, confidentiality agreements, employment agreements, customer service agreements, project agreements, supply contract agreements, consulting agreements, non-competition agreements and management agreements.

Our company can assist with the sale or purchase of assets or shares of companies, comprising: related due diligence, the coordination of auctions, regulatory approval under the Competition Act and required financing and other statutes. Our group has facilitated business combinations planned to implement complicated corporate reorganizations in a tax effective manner, such as "butterfly" transactions, plans of arrangement and amalgamations.
